

Certificate of Approval

This is to certify that the Management System of:

Score Group plc

Glenugie Engineering Works, Peterhead, AB42 0YX, United Kingdom

has been approved by LRQA to the following standards:

ISO 14001:2015 | ISO 9001:2015 | OHSAS 18001:2007

David Derrick - Area Operations Manager UK & Ireland

Issued By: Lloyd's Register Quality Assurance Limited

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

Current Issue Date: 30 March 2018

Expiry Date: 30 April 2020

Certificate Identity Number: 10090815

Original Approvals:

ISO 14001 – 1 May 2014

ISO 9001 – 27 February 1991

OHSAS 18001 – 1 May 2014

Approval Number(s): ISO 14001 – 00008878 / ISO 9001 – 0002298 / OHSAS 18001 – 00008879

001

Certificate of Approval

The scope of this approval is applicable to:

Design and manufacture of valve components, adaptors for valves, actuators and ancillary equipment, valve modifications to customer requirements and associated testing. Provision of specialised low temperature cryogenic, flow loop and fire testing. In-house assessment, repair, refurbishment, reconditioning and associated testing of valves and fluid control equipment including planned maintenance and modification to customers, national and international specifications for the Oil, Gas, Petrochemical, Subsea, Wellhead, Process, Utilities, Food, Naval, Marine, MOD and Nuclear industries. Procurement and supply of valves, actuators and ancillary equipment. The manufacture and test of hydraulic hose assemblies and supply of associated spare hose and fittings. Management of offshore contracts associated with valve, actuator and ancillary equipment repair and refurbishment. Disassembly, Inspection, overhaul, re-assembly and performance testing of industrial gas turbines, fuel systems and accessories for fluid control and transfer. The management of manufacture and associated application engineering for the supply of gas turbine engine and accessory spare parts. Design, production and delivery of instructor-led and e-learning training, design, production and publication of technical charts, websites and multi-media, including promotional materials. Event Management. Design, manufacture and provision of valve condition monitoring diagnostics sensors, systems and services to the Oil, Gas, Petrochemical, Subsea, Wellhead, Process, Utilities, Food, Naval, Marine, MOD and Nuclear industries.
